Dong Anh District, Hanoi City

Le Thanh Tung

Intern Developer

As a passionate student in programming and technology, I am seeking an internship opportunity to learn, refine, and advance my expertise in Front-end development. Additionally, I aim to expand my Full-stack development skills by working with technologies such as Node.js and MongoDB, fostering a comprehensive understanding of Web Development.

WORK EXPERIENCE

04/2024 - 07/2024

MobiOne

Game 2D Developer

Developed small-scale games using Unity Platform and C# for both single-player and multiplayer projects.

EDUCATION

Phenikaa University

Information Technology

2021 - 2025

- Completed coursework related to web development, including HTML, CSS, JavaScript, Databases, and Object-Oriented Programming.
- Self-studied and practiced ReactJS through online courses and technical documentation.
- Participated in group projects and capstone assignments to enhance teamwork and problem-solving skills.

SKILLS

HTML, CSS, JavaScript
- Proficient in fundamental concepts of HTML5, CSS3, and JavaScript ES6.
- Capable of developing static, responsive web interfaces with a focus on optimizing user experience.

ReactJS
- Understand and apply fundamental ReactJS concepts such as Components, Props, State, and Hooks.
- Practiced building small-scale applications using ReactJS.

MySQL (Basic)
- Understand and utilize basic data manipulation commands.

AI Tools Utilization
- Proficient in utilizing AI-powered coding assistants such as ChatGPT, CursorAI, Deepseek, and others to enhance development efficiency.

PROJECT

| 05/2024 - 06/2024 | **Full-stack Developer** |

Interdisciplinary Project
- Designed the web interface for the project.
- Utilized Node.js and MongoDB for database management.
- https://github.com/Geenutt/frontend-main (Front-End)
- https://github.com/Geenutt/Side-Proj-ReactJS (Admin & Back-End)

HOBBIES & INTERESTS

- Exploring new technologies
- Problem-solving and algorithms
- Team building and participating in sports clubs
